Above Ground Pool Buyer's Checklist

Thinking about purchasing an above ground pool? We believe you will find no better place for selection and service than you will with us. If you are wondering what to look for, consider these items:

- ✓ **Does the company you are considering provide you with brochures on their pools for comparisons?**
Some retailers don't want you to compare apples to apples, so they don't give much information on the pools they sell.
- ✓ **Does the company offer the ability to have up to a 7' deep end?**
Doughboy and Paradise Pools are the only ones to offer a true deep end in an above ground pool.
- ✓ **Do they offer a complete installation service with a new above ground pool?**
Some companies charge extra to have the pool delivered to your house. Also, make sure that if a permit is needed for your installation that the builder is getting your permits.

✓ **Will the company provide a copy of the warranty on your new pool?**

Not all warranties are the same and the fine print will tell the story. In contrast, Doughboy offers two models that have a true lifetime warranty with no proration.

✓ **Do they provide service and expertise after the sale?**

Paradise has a full staff of pool and spa experts available in each of our three local stores. We also carry a full line of replacement parts and chemicals to keep your pool beautiful for years to come, and all at a great price.
